

September 10, 2020

Dear LMC Community,

We hope this letter finds you well. While our campus was certainly quiet without you all here this summer, it is bustling with construction equipment and transforming so much every day. We are well underway with our Capital Campaign which will welcome brand new facilities in summer 2021!

In addition to the physical progress on our campus, we are constantly monitoring and updating our policies and procedures with regard to camp and COVID-19. We are learning as school districts reopen—in person and online—about how to keep students safe. As this information is changing, **we have adjusted our typical application dates as shown below**. This will allow us time to learn more about the virus itself, vaccinations, travel, and access to necessary resources to create the best practices that will keep all of our students and staff safe.

Application Dates

December 1st: Early Applications Open

Reduced application fee of \$55 plus \$50/week tuition discount

Students interested in a live audition must apply during this time

Any student who was enrolled for the 2020 summer season will automatically be accepted in 2021 if they apply during the Early Application timeframe.

February 1st: Early Application Deadline

Last date to sign up for a live audition

Application fee increases to \$80 after this date

April 15th: Final Application Deadline

Note: If it is deemed unsafe to operate next summer or there is a mandated travel restriction preventing you from attending, we will refund all tuition payments, including deposits, and the application fee minus a \$30 administrative fee to Accepted.

Live Auditions

We will be hosting two virtual live audition dates this season on March 6th and March 20th. When filling out applications, students have the option to sign up for a live audition or submit a video audition. Students interested in a live audition must submit their application by the February 1st Early Application Deadline.

We know there will be questions as we get closer to the summer start dates. We are committed to answering those questions with reasonable solutions, and we will continue to provide updates on our website in the coming weeks and months.

In the meantime, stay safe and healthy. Sending best wishes your way!
